

Web Management

Recover a Deleted Page

Deleted pages are stored in the recycle bin and can be recovered at a later date.

- Go to the dashboard.
 - Under SITEMAP click on Full Sitemap
 - Click on the Options> drop down at the top right.
 - Tick Show System Pages at the top left.
 - Scroll down to find the Trash folder and icon.
 - Click on Trash.
 - Move deleted pages out of Trash and back into the main website menu.
-
- If your page doesn't show on the live website, it may require clearing the site cache. Contact support@webmanagement.co.nz to request this.
